Seguros

What is it?

Our Pleasure Craft insurance compensates you for any financial harm due to loss of or damage to your boat or injury to its occupants along with any damage or injury to third parties.

You can have fun at sea without fear of throwing overboard plans for a great holiday or a fantastic weekend.

What does it include?

By taking out our **Pleasure Craft** insurance you're covered against unforeseeable perils at sea and also against incidents in port, when the boat is on land and being transported out of the water.

Starting with the basic compulsory civil liability insurance which all owners of motor-powered vessels and in general any which are over 6 metres long have to take out, you can then completely tailor the insurance coverage to your needs.

Special rates

Applus gives you special rates and conditions for vessel seaworthiness inspections (**ITB**).

Insurance with extensive covers

Our **Pleasure Craft** insurance enables you to meet all your needs through a complete range of covers which you can combine just as you like:

Civil liability:
