 **Catalana
Occidente**
Seguros

What is it?

This insurance is intended to make up for the economic damage caused by loss or damages suffered on your boat or its occupants, as well as damages to third parties.

You can enjoy the sea without worrying about tossing your fantastic holiday or weekend overboard.

What does it offer?

When you hire the **recreational boat insurance**, you get coverage not only for unexpected boating risks, but also those that occur at port, during your stay or out-of-water transportation.

Starting from the basis of the required civil liability insurance, which all owners of propulsion motor boats and, in general, all owners of boats over 6 metres in length must obtain, you can adapt your insurance coverage to your needs.

How can I sign up?

Contact your insurance broker or the **Seguros Catalana Occidente** office in your area, and they will advise you on the best coverage combination for your needs.

Main Coverage

The recreational boat insurance allows you to cover your needs using a full range of coverage, which you can combine as you like:

Civil Liability

- Obligatory according to Royal Decree 607/1999 (€336,566.78)
- Voluntary (expansion of up to €2,000,000)
